25X1

Between 9 p.m. and 11 p.m. on each night of 21 through 23 March 1954, searchlight exercises were held by six searchlights near Swinoujscie. These searchlights were emplaced east of the harbor entrance to Swinoujscie and the other three on its west side. No anti-aircraft or sea target firing was held during these searchlight exercises.

Between 9 p.m. and 11 p.m. on each night of 21 through 23 March 1954, searchlight exercises were held by six searchlights near Swinoujscie. These searchlights were emplaced east of the harbor entrance to Swinoujscie and the other three on the west side. No anti-aircraft or sea target firing was held during the searchlight exercises.

the 1990s, the number of people in the United States who are 65 years of age or older has increased by 50% (U.S. Census Bureau, 1997). The number of people aged 65 and older is projected to increase to 20% of the total population by the year 2020 (U.S. Census Bureau, 1997). The increase in the number of people aged 65 and older has led to a corresponding increase in the number of people who are dependent on others for their care. The number of people aged 65 and older who are dependent on others for their care is projected to increase from 10% in 1990 to 20% in 2020 (U.S. Census Bureau, 1997). The increase in the number of people who are dependent on others for their care has led to a corresponding increase in the number of people who are dependent on others for their care. The number of people aged 65 and older who are dependent on others for their care is projected to increase from 10% in 1990 to 20% in 2020 (U.S. Census Bureau, 1997).
